

# Wesley College Governance

Wesley College was established in 1844. It is New Zealand's oldest registered school. Wesley College was the first Private School to integrate in the State Education system under the terms of the Private Schools Conditional Integration Act 1975. The Integration Agreement was signed in 1976.

Under the terms of the Agreement:

- the School is governed by the Wesley College Board of Trustees and operates like any New Zealand State School;
- the Proprietor's hostel was not integrated and remains a private boarding establishment;
- Wesley College has a Special Character, based on a relationship with the Methodist Church of New Zealand Te Haahi Weteriana o Aotearoa; and
- the Special Character includes religious observances.

Attendance at Chapel services and Religious Education [Life and Faith] classes are a condition of enrolment at the School and residence in the Hostel.

A paper "The Special Character in the Daily Life of Wesley College – the influence of the ethos of contemporary New Zealand Methodism" is included in this Prospectus.

Enrolment as a boarding student means that an agreement is being made with the Wesley College Trust Board for the boarder to live in the hostel and with the Wesley College Board of Trustees for the pupil to attend school.

The parents / guardians of those enrolling as boarders agree to pay the boarding fees set by the Wesley College Trust Board as a condition of enrolment. The Trust Board currently subsidises the boarding fees. Wesley Grants to reduce the fees are available to further reduce fees in the case of financial hardship. Please enquire about the application process.

Wesley College also enrols Day Students. The parents / guardians of Day Students make an arrangement with the Wesley College Trust Board to pay a small fee that covers the provision of lunch as a condition of enrolment.

The management and discipline of students attending the school are governed by the Education Act 1989. The management and discipline of those living in the hostels is as determined by the Wesley College Trust Board. Under the terms of the Integration Agreement the Proprietor has the right at its sole discretion to refuse hostel enrolment and to require parents / guardians to remove a boarder from the hostel.

# WHERE FAMILIES LIKE YOURS ACHIEVE THE AMAZING!

You always knew your son or daughter was capable of great things. At Wesley College, we can take them beyond that to be among the best in the world.

In recent years we've probably nurtured more All Blacks and international sportsmen and women than any other school in the country.

Our academic and cultural traditions have spurred students to career success, leadership and international fame in a variety of fields from politics to performing arts and business.

We help children like yours become the best they can.

That's why students from many generations of the same families have grown up with us. Many of them stay involved with the school and the friends they make here for much of their lives.

But then, most students see us as being more than a school. In their own words, we're "like a family", supporting and encouraging them to succeed.

It's been that way since we began teaching life and leadership skills to young Maori and the children of missionaries of 1844. We're the oldest secondary school in the country.

Wesley today can offer; high standards of academic education music arts and cultural tradition; a wide range of sporting challenges; hostel accommodation; scholarships for boys and girls; fee subsidies and more.

With so much to do, boarders at Wesley are rarely bored!

We're here to help your children make the most of their potential..... in a Methodist christian atmosphere.

Thank you for choosing Wesley College.

Dr Brian Evans PRINCIPAL

# THE SPECIAL CHARACTER IN THE DAILY LIFE OF WESLEY COLLEGE

#### The Special Character<sup>1</sup>

Wesley College is a multi-ethnic school that has a direct affiliation with the Methodist Church of New Zealand – Te Haahi Weteriana o Aotearoa. The Methodist Church of New Zealand – Te Haahi Weteriana o Aotearoa is a Treaty-based Church that expresses its governance in a bi-cultural, power-sharing partnership between Te Taha Maori and Tauiwi.

#### Affiliation to the Methodist Church

This material is based on the findings of the 1998 Review of Wesley College commissioned by the Trust Board<sup>2</sup>. This review explored the extent to which Wesley College expressed the ethos of the Methodist Church and evaluated the extent to which the school reflected the priorities of the Methodist Church.

#### What is the Methodist Ethos?

- Expression of the Christian faith and Wesleyan insights with passion, integrity and in the setting of here and now.
- Consideration of the needs of others, especially those who are different from us.
- Support for values which respect the integrity of persons and communities.
- Use of language and images which are inclusive and which express equality.
- Opposition to cultures of violence and to systems of domination and exclusion.
- Provision of safe environments and processes for dealing with conflict, harassment, abuse and violation.
- Openness to the future and to new insights, experiences and people.
- Treasuring our heritage and working to express it relevantly.

#### What are the priorities of the Methodist Church – Te Hahi Weteriana o Aotearoa?

- Presentation of the Christian Gospel in contextually relevant forms, and in ways that are sensitive to the needs and aspirations of the hearers, and development of theology which respects and reflects the time and place in which we live.
- Commitment to a bi-cultural journey, including support for the Treaty of Waitangi, justice for Maori, and a process of decolonisation;

<sup>&</sup>lt;sup>1</sup> Wesley College Integration Agreement, May 2010.

There are other components to the Special Character related to the special obligation to students who are Maori, of Pacific Islands decent, orphans or otherwise disadvantaged, and the place of the hostels.

<sup>&</sup>lt;sup>2</sup> Hill J and Hawk K, Educational Research and Development Centre, Massey University College of Education: Albany , Wesley College Review, July 1998

- · Exploration of expressions of power-sharing, both structural and personal;
- Extension of social justice and positive interpersonal values throughout society;
- Concern for the environment

#### What is the Methodist Educational Style?

- Regarding education as 'whole of life'; 'whole of person'; holistic.
- Evoke<sup>3</sup> gifts rather than providing information.
- Seeks achievement in ways which acknowledge skill and progress, individual gifts, contribution
  and effort; and is not solely determined in academic and sporting terms.
- Looks to empower for living.
- · Seeks to avoid undue competition, coercion, use of violence and dominating power
- The Special Character is the statement to which underpins everything that happens at Wesley College.
- School Prayer

The school prayer embodies the Methodist ethos and allows students, staff and whānau to share a common vision for expectations about how to be Methodist in all interactions

The school prayer guides the day to day activity across the college and provides a common language for students, staff and whānau to discuss the college and the goals and actions that continue to evolve to support the diverse nature of the school. The school prayer has been used as the basis of the strategic plan and aligns with the 6 dimensions of good practice identified by ERO.

<sup>&</sup>lt;sup>3</sup> Evoke = to call or summon up

#### ICT DIGITAL CYBER SAFETY STUDENT RESPONSIBLE USE AGREEMENT

#### RATIONALE:

Digital technology continues to create opportunities to learn and connect our school community. [Insert school] believes in using a digital citizenship model to support safe, responsible and ethical use of digital technology and online spaces as it helps our online environment to be a positive place for everyone.

This agreement outlines [insert school] role in promoting the use of digital technology and online spaces for learning, and supporting online safety approaches. It also outlines expectations and responsibilities of students as a member of our online community. It will also be used to support discipline processes when necessary.

Wesley College recognises a student's right to receive a high-quality education in a safe online and offline environment.

We will do this by:

- · providing information and support to ensure you are aware of, and able to meet, your responsibilities
- teaching a curriculum that promotes positive online safety behaviours
- overseeing students' use of the school's/kura digital devices and platforms

#### STUDENT GUIDELINE

This section outlines what your school considers appropriate behaviour when using digital technologies and online spaces in school and as a member of the school community

As a student of Wesley College and a member of our community, it is expected that you will positively contribute towards making our school or kura a place that is safe, respectful, and fair online and offline. This means enacting our school Kairangi values in online spaces, and helping to shape a positive online culture. This is being a 'digital citizen'.

As a digital citizen, you will:

- Keep it positive. Always respect others online and communicate in a constructive way. Do not create or publish content that is indecent, threatening or offensive.
- Protect privacy. Do not disclose sensitive personal information about yourself or another person in any
  digital communication. This includes sharing passwords, accessing devices or online sites belonging to
  others without consent and taking screenshots and sharing this content without consent.
- Act cautiously. Anything you post or do online can influence what people think of you. Likewise, always
  think carefully about whether the information you see online is true. If you are unsure of something talk to
  a teacher.

- Avoid online bullying. Creating or forwarding content that is harmful, inappropriate or hurtful is never
  okay at any time, and may breach legislation (The Harmful Digital Communications Act). If you are
  harassing people by sending multiple messages this is also considered online bullying and is unacceptable.
- Be security smart. Keep personal information safe and secure by using strong passwords and not sharing them with others. This includes not accessing devices or online sites belonging to others without consent, nor taking screenshots and on-sharing their personal content without their knowledge and permission.
- Check consent. Before downloading software to the school network or onto devices, seek permission. Interfering with the school systems, digital technologies, equipment/network or the online security of another person is never okay at any time.
- Recognise others work. Follow copyright and intellectual property requirements by attributing references, images, text, audio and video appropriately.
- Respect the rights of others. Only record and share video, photo or audio content if the people in it know it has been taken and have provided their consent.
- Use personal devices sensibly. Keep your device(s) on silent during school hours and only use it outside
  of class time unless you have been given permission to use it during lessons.
- Seek help. Sometimes you or someone you know will feel unsafe or come across inappropriate or hurtful
  online content and behaviours. If this happens talk to a trusted teacher/adult about what can be done.

#### ONLINE INCIDENTS

This section outlines how students can seek support and assistance if they encounter any online concerns

Despite the advantages technology offers and people's best intentions, sometimes there will be challenges and risks within an online community – either accidentally or on purpose. [Insert school] is committed to supporting you if something goes wrong online.

Online bullying. Incidents of online bullying or harm will not be tolerated at our school/kura or kura. If you or somebody else is being bullied or harmed online, it's never okay at any time. This type of harm doesn't usually just go away. It's important to keep the evidence of what is happening to you or someone so this can be investigated. Don't put yourself at further risk by continuing any contact with the person or people who are bullying online, or creating harmful or hurtful content. It's very important to let someone at school [insert school contact i.e. teacher, coordinator, IT person] know what's happening so you can get the right help and support you need. You should also consider talking to a trusted adult like your parent, your whānau or guardian for support.

Report a problem. You should report an online incident or if you suspect something is happening online as soon as you can to [insert school/kura contact i.e. teacher, coordinator, IT person]. Once the school is made aware of a problem, they will assess the problem and work to resolve it.

Online safety support. Netsafe is an online safety organisation that is also available to help. They provide free confidential advice seven days a week for all online safety challenges. They can be contacted on 0508 638723 or online at netsafe.org.nz

#### EDUCATION OUTSIDE THE CLASSROOM [EOTC] BLANKET CONSENT FORM [Appendix 2]

#### RATIONALE

The Board recognises the value of providing curriculum based learning experiences outside the classroom environment to support the intellectual, social, emotional and physical development of students. EOTC experiences give students opportunities to demonstrate the essential knowledge, skills, values, attitudes and key competencies identified in the National Curriculum (New Zealand Curriculum and Te Maratanga O Aotearoa).

The Board recognises the potential benefits to staff and students through experiencing acceptable risks whilst acknowledging that appropriate safety and risk management of all education outside the classroom is imperative.

#### DEFINITION
